A high-angle, wide shot of a modern, circular atrium. The space is characterized by its curved architecture, featuring multiple levels of balconies with white railings and wooden paneling. The ceiling is a large, curved, white structure with a grid of recessed lighting. In the center, there is a circular fountain with water spraying upwards, surrounded by lush green plants and a small seating area with tables and chairs. The overall atmosphere is bright and open, with natural light streaming in from a large window at the top of the atrium.
