And with our dedicated professional team on hand to help everything run like clockwork, it's the perfect London venue for business or private events. A feast for the senses.

People work best when they feel well looked after. Specifically, when they get enough to eat and drink through the day. Create has the flexibility to offer a choice of dining, either in one of our restaurants, in your meeting room or even having a separate room to dine in, be it for a formal or working lunch, whether it's for 550 or four people.

Traditional English Fayre, serving delicious roast meats, light lunches, salads and desserts in a delightful setting overlooking St Katharine's Dock.

the gallery

For a more intimate break out for coffee, lunch or a drink, the Gallery offers a wide choice, set against a backdrop of the Thames, Butler's Wharf and Tower Bridge.
