Experience the 100-year-old history of the hotel, exclusive design, luxurious surroundings and spacious rooms on every floor – including the Executive Floor. Stay with hotel guests from all over the world at our international hotel with views of Rådhuspladsen (the City Hall Square) in Copenhagen.

Stylish and luxurious design, beautiful details and a unique and well-preserved architecture characterise the hotel and all the 169 guest rooms. Let your thoughts fly back to the year 1910 when the hotel was built and became the gathering place for Copenhageners, royal families and international guests. Celebrities like Judy Garland, Audrey Hepburn and Errol Flynn have added glamour to the hotel and left their mark on its outstanding story.

The cosy hotel restaurant (run by an external partner) offers great meals while you catch a glimpse of Copenhagen's pulsating life from the windows.

Give yourself a night at the Executive Floor on the 5th floor. Here you'll find an exclusive VIP area featuring modern suites. One suite even has a roof terrace with an impressive view of Copenhagen.

On our Executive Meeting Floor you will find three exclusive meeting rooms. All decorated with beautiful details and a personal meeting host is ready to help you with meetings that require discretion and confidentiality.

During your stay at Scandic Palace, you cannot miss a visit to Tivoli Gardens or a stroll down Copenhagen's popular pedestrian street, Strøget. Both neighbors to the hotel.
