CARLTON SQUARE'S BRAND NEW CONCEPT

meetings and events

We believe in the power of meetings. We are convinced that a perfectly organised meeting is the ideal setting for achieving change and inspiring innovation! We have developed a completely new and refreshing meetings & events concept, including meeting rooms with a playful twist that transports you into the historical centre of Haarlem.

A meeting is much more than an attractively furnished meeting room. We always start with you. Our team of dedicated event creators listens to your specific needs to ensure that the meeting offers everything required to achieve your goals and help all the participants work at their best.

WE BLUR THE LINE BETWEEN

work and fun

Our meeting facilities are creative, interactive and inspiring. The rooms are furnished with interior elements that have a playful and informal character. As soon as you enter the corridor, you feel as though you are in a living Monopoly board game. Then, when the doors to the Zijlweg or Houtstraat rooms swing open, you are immediately conveyed/transported into the heart of Haarlem's historic city centre for your meeting!

EASY COME, EASY STAY.
WE ARE IN THE
heart of Haarlem

Carlton Square is located in the heart of Haarlem. That makes us easy to reach for your guests and the hotel is also a convenient base for exploring the city. We offer the option of extending a (multi-day) meeting to include an overnight stay in one of our stylish rooms, with a delicious breakfast to get your day off to a perfect start the next morning! After all, what could be nicer than relaxing in our hotel after a busy day and enjoying all the comforts we offer you?
