9 HOTEL SABLON

★★★★ This is not only a hotel

Located in the neighbourhood of Sablon amongst art galleries and antiques shops, 9 Hotel Sablon enjoys a prime location close to the most beautiful views over the city and the famous museums of Brussels.

Having been entirely renovated, this 4-star boutique hotel looks like the apartment of an aesthetically-minded collector, with an arty and eclectic ambiance.

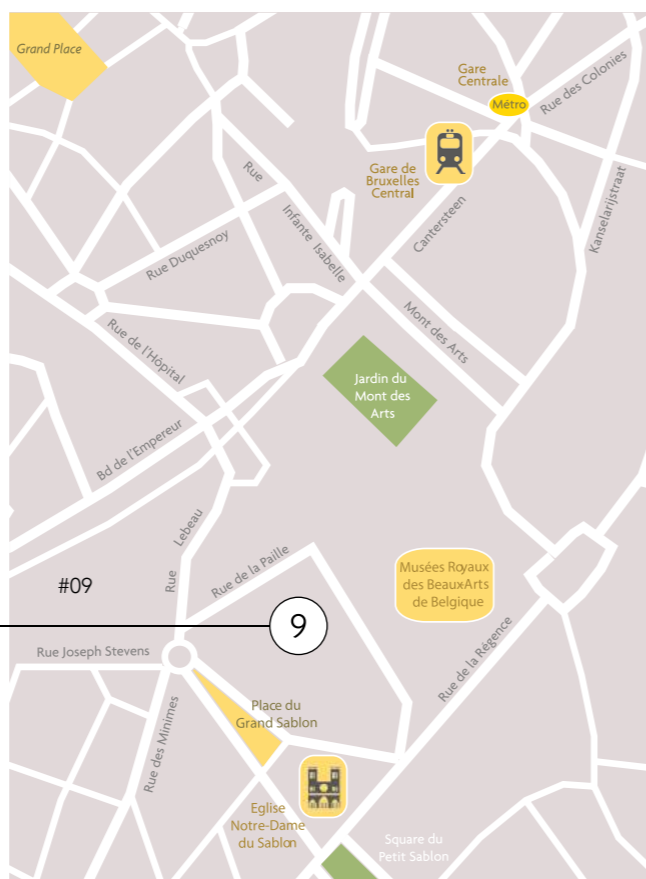

Its elegant black façade contrasts with its bright and simple living areas, which invite total relaxation...and the exploration of the artwork which is arranged here and there.

Its 34 rooms are an exercise in simplicity itself, decorated with mismatched furniture which is either second-hand or custom-made. This modern and designer hotel provides its guests with an inspiring and tranquil space at the heart of the city.

A well-being space with a swimming pool and Finnish sauna complete the experience for total relaxation.

A truly satisfying interlude to life !

An ideal location in the antique and art district, very close to Central station, Grand Place and the Marolles district.
