Leisure

Forest Pines Spa and Golf Resort offers so much to do you will have to extend your stay in order to fit it all in. However with such excellent facilities in the leisure club, this is definitely one area of the hotel you must visit.

Where to start? Perhaps the gym with the state-of-the-art Technogym machines, these machines are so clever you have your own wellness key that stores your personal settings. But don't worry if this wounds a little too technical. The gym team are always on hand to offer support and advice during your workout and can help tailor workout plans to ensure your fitness goals are met.

Having worked out overlooking the swimming pool it would be rude not to wander down and take a refreshing dip before relaxing on one of the heated poolside loungers or in the sauna or steam room.
