Golf Course

# Golf Course Factsheet

---

The golf course opened for play in February 2001. It was designed by Mike Young and is a wonderful test of golf. Hacienda Pinilla provides players with a chance to play golf as it was meant to be played, peacefully amongst friends and nature. The golf course was designed to conform all natural surroundings capturing the feel of Guanacaste ranch on the Ocean. While the driving areas are very friendly, the greens and the surroundings are very challenging. Accurate iron play is the key to getting around this golf course, but the length will put you to the test. You will find that the greens are very well guarded and are amongst the best in Costa Rica. Here, golfers have a course that offers picturesque scenery, immaculate conditions, frequent glimpses of wildlife and a place you can call home.

Courses like this are commonly called "Championship Layouts". This means that our course can challenge golfers of any skill level. Our course is very natural and has the same rustic feel of Guanacaste. Two of our holes, 14 and 15, are ocean view. The 15th hole is one of the most beautiful holes in Latin America.
