# An original, unique 24/7 convention hotel experience. A true first for Amsterdam.

When it opens its doors in the summer of 2018, the Park Inn by Radisson Amsterdam City West convention hotel will be an integral part of Ven, the first complex of its kind in Amsterdam and a major addition to the city. A true 24/7 work and play development, Ven is designed to attract experience-seekers from around the world.

The unique business and entertainment complex is optimally located for both global and local visitors and is situated in one of the most accessible locations in the city with direct links to the city centre, Schiphol Airport and Amsterdam's surrounding towns and cities.

From the moment guests wake up, to the minute they go to sleep, business and leisure can be merged seamlessly into one. The day can start with a refreshing workout in the gym, followed by a networking session in one of the many break-out meeting spaces or a business lunch in the open piazza, which some say feels 10-degrees hotter than the rest of the city on a summer day.

In the afternoon, guests can unwind and relax in the hotel and foodies can indulge and enjoy some of the restaurant's culinary delights. In the evening guests can watch the sun go down over Amsterdam with a cocktail in hand from the rooftop bar or go all-in at the casino until the early hours.

## More Experiences Under One Roof
