## INCENTIVE IDEAS

# Calabria

### TARTUFO MAKING AND TASTING

*All the secrets of the typical Calabria dessert.*

The tartufo (truffle), a half-sphere of ice-cream with a melting dark chocolate heart - the only ice-cream in Europe to have obtained the PGI mark - is a delicacy of Calabrian confectionery conjured up in the 1950s in Pizzo. On a visit to a specialist workshop, you will see every stage in the preparation of the ice-cream truffle, before tasting the sweet delight that captures all the senses.

### THEMED TEAM BUILDING EVENTS

*Calabria's most thrilling outdoor sports.*

In the stunning setting of the Calabrian countryside, amid wild, untainted landscapes, you'll experience high-octane water sports like rafting and kitesurfing and on-land adventures, climbing up dizzying canyons and exploring hard-to-reach areas by quad bike. Fill up on wellbeing, fun and freedom with your team.

### GALA VINEYARD DINNER

*An enchanting dinner in a vineyard setting.*

An unforgettable dinner filled with all manner of sensory experiences. Set in the charming surroundings of a wine estate near Cosenza, this exclusive gala offers you the chance to savour delightful traditional cuisine and magnificent local wines, with the finest whites and reds. A romantic evening designed to be "sipped" slowly, amid country-chic atmospheres that will take you back in time.

### FARMHOUSE COOKERY COURSES

*Discover the finest Calabrian cuisine.*

The perfect experience for anyone who loves learning new recipes. This half-day course will reveal the secrets of Fileja, the typical pasta of Calabria, the celebrated Nduja sausage, known for its unmistakable flavour, and other local specialities. The dishes you prepare on the course will be served for lunch or dinner, with wines and drinks included.

## STILO AND GERACE

*Uncovering thousands of years of history.*

Gerace is an enchanting medieval village located inside the Aspromonte National Park. Known also as the “Holy City” for its numerous churches and monasteries, it is part of the “Most Beautiful Villages in Italy” circuit. The historic centre still retains its original Byzantine layout. In the village of Stilo, birthplace of the philosopher Tommaso Campanella, we visit the famous “Cattolica”, an exquisite religious building dating back to the 15th/16th century - a masterpiece of Byzantine architecture.

## STROMBOLI BY NIGHT

*The magic of the volcano at sunset.*

This tour takes you to Stromboli in the footsteps of the film director Roberto Rossellini, who set his film of the same name here. As you walk around the volcano, you can admire its beauty and spectacular eruptions, highlighted by the darkness. The volcano is unique in the world for its typical volcanic activity, known as “Strombolian”, with a high frequency of eruptions. Dinner can also be arranged on the island, making the evening even more magical.

## THE BLACK GOLD OF CALABRIA

*A blend of history and flavours.*

The green hillsides and crystal-clear sea, combined with an all-year-round mild climate, make Rossano an enticing location, overlooking the sea on the “Sibari Plain”. As well as the many palazzos and narrow lanes of its historic centre, the city also boasts a myriad of artistic treasures, dating back to its Greek colonisers. Particularly worthy of note are the Cathedral of Maria Santissima Achiropita, the Licorice Museum and the Codex Purpureus Rossanensis, a UNESCO treasure.

## SANTA SEVERINA AND LE CASTELLA

*Byzantine, Norman and Aragonese Calabria.*

Amid loamy hillsides and olive groves lies Santa Severina, whose Norman and Byzantine history is seen clearly in its well-preserved monuments: the Baptistery, the houses carved out of the rocks and the hospital church in the Byzantine quarter. After a visit to Capo Rizzuto, a protected marine area, we visit Le Castella, a village known for its 15th-century Aragonese fortress set atop a tiny island, and joined to the mainland by a narrow strip of sand.
