

WELCOME TO REDESIGNED MARRIOTT®

At the Rotterdam Marriott Hotel, we know that our guests are the kind of travelers who think and work best in well-designed environments. So we're taking a new approach to travel, transforming the guest rooms, reinventing food & beverage and creating public spaces designed for relaxing, connecting and recharging. Our redesigned property has been developed to revolutionize the way we provide service by adapting to our guests' needs. This is our new approach to travel.

LOCAL AREA

Rotterdam has reinvented itself as a playground for innovative thinkers who are trying to create a resilient city of the future. This is the city of taking chances and opportunities!

ROTTERDAM HIGHLIGHTS

ARCHITECTURE

Rotterdam is a vast open-air museum of modern and contemporary design. A few pre-war structures still stand, but continued focus on construction like the new Museum Rotterdam and the eye –popping Markthal Rotterdam have ensured that the city is littered with fresh, must see structures.

DRINKS & DINING

Rotterdam is a dynamic city at the water where there is always something to do. For example in former ‘rough’ sailor neighborhood Katendrecht, which has become one of the liveliest parts of town. With its cute little eateries, ice salons and bars are around every corner, Katendrecht is a dream destination for foodies.

ART & CULTURE

Rotterdam has feverishly pursued its status as an open minded space for arts and cultures of all types to thrive. As a result, its cultural landscape has developed into a diverse and vibrant home to one-of-a-kind experiences. There is a wide world of arts and culture to explore here.
